

# Study programme checker

Martin Avagyan

University of Groningen

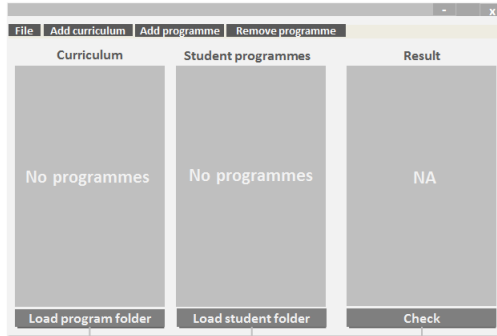

November 14, 2015

# Starting window

# Overview of key functions

(Details about each function on the following slides)

## Add curriculum

Add curriculum

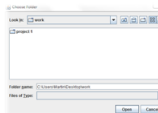

Add curriculum for specified degree & year

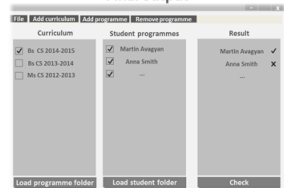

## Folder chooser

Combining programmes into curriculum

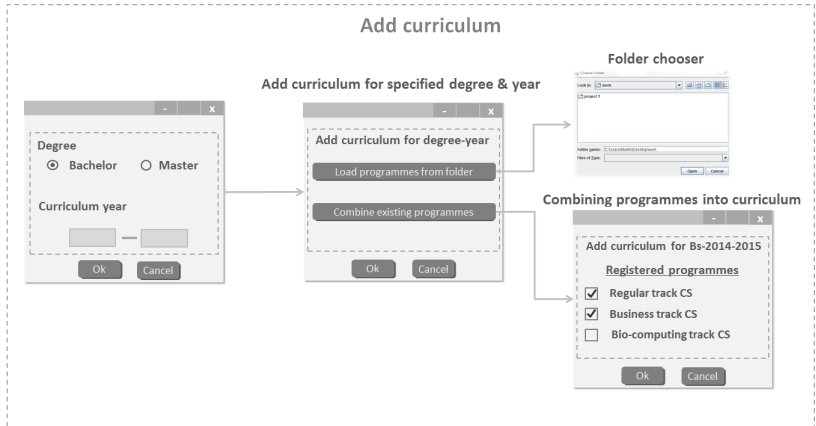

## Final output

# The process of adding a curriculum

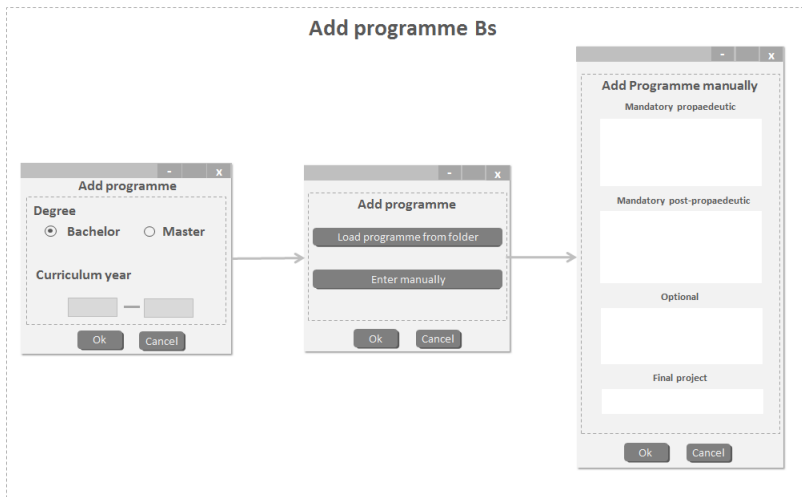

Two options:

1. By combining added programmes.
2. By loading programmes.

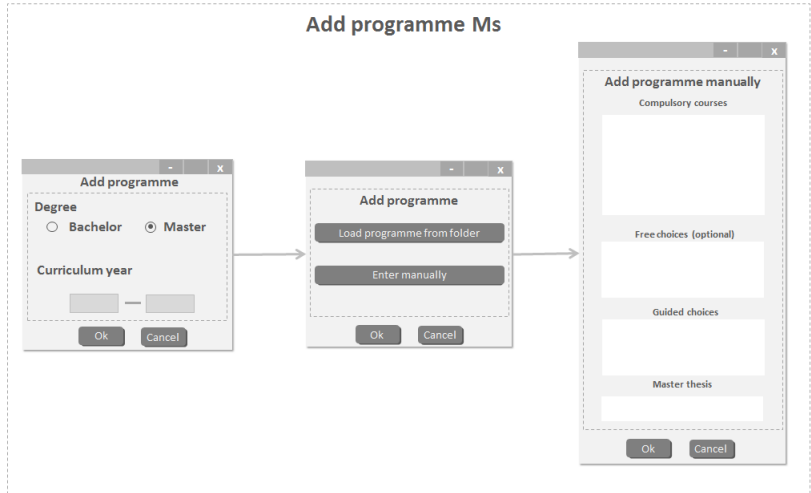

# The process of adding a programme for Bachelors Degree

Same as adding curriculum we have two options.

# The process of adding a programme for Masters Degree

# The final outcome

The screenshot shows a software window with a menu bar and three main columns. The menu bar includes 'File', 'Add curriculum', 'Add programme', and 'Remove programme'. The 'Add programme' menu item is highlighted in yellow. The first column, 'Curriculum', contains three items: 'Bs CS 2014-2015' (checked), 'Bs CS 2013-2014' (unchecked), and 'Ms CS 2012-2013' (unchecked). The second column, 'Student programmes', contains three items: 'Martin Avagyan' (checked), 'Anna Smith' (checked), and '...' (checked). The third column, 'Result', contains three items: 'Martin Avagyan' (checked), 'Anna Smith' (unchecked), and '...' (unchecked). At the bottom of each column is a button: 'Load programme folder', 'Load student folder', and 'Check'.

Curriculum	Student programmes	Result
<input checked="" type="checkbox"/> Bs CS 2014-2015	<input checked="" type="checkbox"/> Martin Avagyan	Martin Avagyan <input checked="" type="checkbox"/>
<input type="checkbox"/> Bs CS 2013-2014	<input checked="" type="checkbox"/> Anna Smith	Anna Smith <input type="checkbox"/>
<input type="checkbox"/> Ms CS 2012-2013	<input checked="" type="checkbox"/> ...	... <input type="checkbox"/>

Load programme folder      Load student folder      Check
